No problem - talk to us. We can offer a training webinar or provide one on one support to curate an order and help you prepare your gifting range.

How much should I order?

This can depend on a range of factors. However, if this is your school's first time running a stall, we recommend 1.5 products per student.

How do I log in and access my school's online account?

Your online account will show the order history for your school. Simply use the school email address to request your log in code. If there has been a change of email address, please contact us to update this so we can keep the order history for your school in a singular account.

Is pricing for the full range or a single item?

All pricing is for a single item. When we refer to 'assorted designs' or 'assorted colours' this means that you will receive a range of the designs or colours for that product to enable a wider choice. Please note this is while stock lasts.

Can I choose a single colour / design from the range?

We can accommodate this on request at times for certain products, please ask us.
